### Safety and Handling

**Most Industrene fatty acids** are not primary skin irritants by the Draize Test (Federal Hazardous Substances Act). However, if these products are supplied in powder form, in-process dusting should be minimized, otherwise an explosive hazard could develop. Avoid all sources of ignition when handling this product. Avoid contact with skin and eyes.

In case of accidental eye contact, flush with large amounts of water and call a physician. If swallowed, call a physician.

**The Industrene fatty acids** are not regulated by the Department of Transportation (DOT). They are not corrosive and not flammable by DOT definitions.

*Please consult the Safety Data Sheet for additional information on safety, handling and storage before using this product.*
