

TECKREZ C5-98

Distributed By: R.E. CARROLL INC. 1570 NORTH OLDEN AVE., EWING, N.J. 08638-3204 609-695-6211/800-257-9365 orders@recarroll.com

SAFETY DATA SHEET

1.	Identification	
	Product Identifier/Code	Teckrez C5-98, C5 Hydrocarbon Resin
	Recommended use	Adhesives, Sealants, Coatings, Wax, and other formulations
	Recommended restrictions	None known
	Manufacturer	Teckrez, Inc.
	Company address	1845 Town Center Blvd., Suite 110A
		Fleming Island, FL 32003 USA
		Office: 1-904-215-7885
		Fax: 1-904-215-7797
		Emergency: 1-904-881-2205
2.	Hazards Identification	
	Physical hazards	Not classified; molten material will cause thermal burns.
	Health hazards	Not classified
	OSHA defined hazards	Combustible dust
	Label elements	
	Hazard Symbol	None
	Signal word	None
	Hazard statement	May form combustible dust concentrations in air.
	Precautionary statement	Practice good industrial hygiene. Store in protective environment, away from incompatible materials and elevated temperature equipment. Wash hands and other exposed areas after handling. Waste disposal in accordance with local requirements.
	Storage	Store away from incompatible materials.
	Disposal	Dispose of contents/container in accordance with local/regional/national/international regulations.
	Hazards not otherwise	None known
	classified (HNOC)	

3. Composition/Information on Ingredients

Chemical Name	CAS number	%
C5 Aliphatic Hydrocarbon Resin	Proprietary	>99.8%
Antioxidant	Proprietary	0.1-0.2%

4. First-aid Measures

Inhalation	Move exposed person to fresh air. Keep person
	warm and at rest. Get medical attention if symptoms persist.
Skin contact	Flush contaminated skin with soap and water. Remove contaminated clothing
	and shoes. Cool as quickly as possible if exposed to molten material. Do not attempt to
	remove adhered material from skin; material will come off as healing occurs.
	Get medical attention if symptoms occur.
Eye contact	Immediately flush eyes with water for at least 15 minutes, occasionally lifting
	the upper and lower eyelids. Check for and remove any contact lenses if easy to do.
	Get medical attention if irritation occurs and persists.

	Ingestion Most important symptoms/ effects, acute and delayed Indication of immediate medical attention and special treatment needed	Seek medical attention. Dust may irritate intestinal track. Burns should be treated as thermal burns; material will come off as healing occurs.
5.	Fire-fighting Measures Suitable extinguishing media	Water spray, dry chemical, carbon dioxide
	Unsuitable extinguishing media	Avoid high pressure extinguisher application which could spread fire.
	Specific hazards arising from the chemical	Powdered material may cause explosive dust-air combinations, particularly in presence of static electricity. Hazardous decomposition products in the case of a fire includes: CO2, carbon monoxide, smoke.
	Specific protective equipment and precautions Specific methods	Appropriate protective clothing and self- contained breathing apparatus (SCBA) with a full-face piece operated in positive pressure mode. Use standard firefighting procedures and consider hazards of other materials.
6.	Accidental Release Measures Personal precautions, protective equipment and emergency procedures	Use suitable protective equipment. Keep unnecessary personnel away from material.
	Methods and materials for containment and cleaning up Environmental precautions	Vacuum or carefully contain and collect material and place in an appropriate container for disposal. Avoid creating dusty conditions and prevent wind dispersal. Keep from drains; prevent uncontrolled run-offs.
7.	Handling and Storage Precautions for safe handling Conditions for safe storage, including any incompatibilities	Wash thoroughly after handling. Prevent contact with molten material. Keep container tightly closed in a cool, well-ventilated area. Keep away from ignition sources and static electricity. Employ good housekeeping practices to prevent build-up of dust and residue.

8. Exposure Controls/Personal 8.1 Occupational exposure limits

USA ACGIH	ACGIH (mh/m ³)	10 mg/m ³ (inhalable dust)
USA ACGIH	Remark (ACGIH)	Particulates, not otherwise classified
USA OSHA	OSHA PEL (TWA) (mg/m ³)	15 mg/m ³ (total dust)
		5 mg/m ³ (respirable dust)
USA OSHA	Remark (US OSHA)	Particulates, not otherwise classified

8.2 Exposure controls

Appropriate engineering	Ensure good ventilation of the work station. Consider explosion proof ventilation equipment.
controls	
Hand protection	Protective chemical resistant gloves
Eye protection	Safety glasses with side shields (or goggles)

Skin and body protection	Wear suitable protective clothing, including appropriate clothing for exposure to molten material.
Respiratory protection	Where exposure through inhalation may occur from use, respiratory protection equipment of approved standard is recommended. Wear appropriate respiratory protection,
	if occupational exposure limits are exceeded or irritation/sensitivity is experienced.

9. Physical and Chemical Properties

Appearance	
Physical state	Solid
Form	Solid
Color	Pale yellow
Odor	Bland (mild hydrocarbon)
рН	Not available
Melting point	95-102°C
Initial boiling point	>260°C (500°F)
Flash point	Open cup 230°C
Evaporation rate	Not determined; considered negligible
Auto ignition temperature	Not determined
Flammability (solid, gas)	Not determined
Decomposition temperature	Not established. Very low hazard expected at normal operating conditions.
Density	.95 g/cm₃ (8.549 lb(s)/gal)
Solubility	Insoluble in water and alcohols. Good solubility in aliphatic and aromatic hydrocarbons.
Viscosity	30,000 cps @ 125°C

10. Stability and Reactivity

Reactivity and	Non-reactive and stable under normal operating conditions. Decomposition can occur at
chemical stability	elevated temperatures.
Possibility of hazardous	None known under normal operating conditions.
reactions	
Conditions to avoid	Open flame, static electricity, dusty conditions
Incompatible materials	Strong oxidizing agents
Hazardous decomposition	Smoke, carbon dioxide, carbon monoxide
products	

11. Toxicology Information

Information on likely routes of ex	xposure
Inhalation	Dust and vapor. Fumes may irritate respiratory system.
Skin Contact	Molten material causes thermal burns.
Eye Contact	Direct contact with eyes may cause temporary irritation
Information on toxicological effe	cts
Oral	Oral LD50 (Rat): >2,000 mg/kg
Dermal	No data available
Skin corrosion/irritation	No data available
Serious eye damage/irritation	No data available
Respiratory sensitization	No data available
Skin sensitization	This product is not expected to cause skin sensitization.
Germ cell mutagenicity	No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.

	Carcinogenicity OSHA Specifically Regulated Substances (29 CFR 1910. 1001-1050)	This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA. Not listed.
	Reproductive toxicity Specific target organ toxicity-single exposure	This product is not expected to cause reproductive or developmental effects. Not classified
	Specific target organ toxicity-repeated exposure	Not classified
	Aspiration hazard	Not available
12.	Ecological Information	
	Ecological impact statement	This product is not classified as environmentally hazardous. This does not exclude the possibility that large or frequent spills could be environmentally damaging. This product is not readily biodegradable.
13.	Disposal Considerations	
	Disposal instructions	Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.
14.	Transport Information	
	DOT	Not regulated as dangerous goods
	IATA IMDG	Not regulated as dangerous goods Not regulated as dangerous goods
	INIDG	Not regulated as daligerous goods
15.	Regulatory Information	
15.	Regulatory Information 15.1. US Federal regulations	This product is not known to be a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200. All components are on the US EPA TSCA inventory list.
15.	15.1. US Federal regulations TSCA Section 12(b) Export Notification (40 CFR 707,	Communication Standard, 29 CFR 1910.1200. All components are on the US EPA TSCA
