

Safety Data Sheet

According to Regulation 2012 OSHA Hazard Communication Standard; 29 CFR Part 1910.1200

Section	on 1: Identification	
1.1.	Product identifier	
Product	t form	: Substance
Product	t Identifier(s)	: Ricon® 150 Ricon® 150MS
CAS-No	D.	: 9003-17-2
1.2.	Recommended use of the chemical	and restrictions on use
Use of	he substance/mixture	: Elastomers
1.3.	Details of the supplier of the safety	data sheet
Cray Va PO Box	ergies Petrochemicals & Refining USA, I alley Division : 674411 n,TX 77267-4411	Inc.
Phone:	-emergency product information: 713-483-5000 or 1-877-871-2729 product.stewardship@totalenergies.com	
1.4.	Emergency telephone number	
Emerge	ency number	: CHEMTREC: 1-800-424-9300 (Toll Free USA & Canada) / 703-527-3887 (Multiple languages) TotalEnergies Petrochemicals & Refining USA, Inc.: 1-800-322-3462 (Language: English only)
Section	on 2: Hazards identification	
2.1.	Classification of the substance or n	nixture
Classif	ication (GHS-US)	
Not clas		
2.2.	Label elements	
GHS U	S labeling	
Hazard	statements (GHS-US)	: This material has no classified hazards under 29 CFR 1910.1200.
	tionary statements (GHS-US)	: Precautionary statements not required. Consult the SDS for additional safety information.
2.3.	Hazards not otherwise classified	
No add	itional information available	

2.4. Unknown acute toxicity (GHS-US)

Not applicable

2.5. Additional information

Based on conditions common to industrial workplace use of this product

: Contact with skin or eyes with hot material may cause serious thermal burns.

Vapors formed when material is processed at high temperatures may be irritating to the eyes and upper respiratory tract.

Section 3: Composition/Information on ingredients								
3.1. Substance								
Substance type	: Polymer							
Name	: Ricon® 150							
CAS-No.	: 9003-17-2							
SDS ID: RICON_150	Language: EN (English US)	US SDS Version: 1.5	Issue date: 05/13/2022	Page 1/6				

Safety Data Sheet

Chemical name

3.2. Mixture

Not applicable

Section 4: First aid measures			
4.1. Description of first aid measures			
First-aid measures after inhalation	: Remove victim to fresh air and keep at rest in a position comfortable for breathing.		
First-aid measures after skin contact	: Gently wash with plenty of soap and water. If irritation persists, consult a doctor. Heated Material: For serious burns from heated material, get medical attention. In case of skin contact, immediately immerse in or flush with clean, cold water. Do not remove clothing adhering to the skin.		
First-aid measures after eye contact	: Rinse cautiously with water for several minutes. Obtain medical attention if pain, blinking, tears or redness persist. Heated Material: For serious burns from heated material, get medical attention. In case of contact with the eyes : Rinse immediately with plenty of water for 15 minutes.		
First-aid measures after ingestion	: Rinse mouth out with water. If necessary seek medical advice.		
4.2. Most important symptoms and effects, both acute and delayed			
Symptoms/effects after skin contact	: Contact with hot material - prevent serious burns.		
Symptoms/effects after eye contact	: Contact with hot material - prevent serious burns.		
4.3. Indication of any immediate med	ical attention and special treatment needed		
Treat symptomatically.			
Section 5: Firefighting measures			
5.1. Extinguishing media			
Suitable extinguishing media	: Water spray or fog. Carbon dioxide. Foam. Dry chemical. Dry powder. Sand.		
Unsuitable extinguishing media	: Use of heavy stream of water may spread fire.		
5.2. Special hazards arising from the	chemical		
Fire hazard	: Slightly combustible. Heat from fire can generate flammable vapor.		
Explosion hazard	: Not expected to be a explosion hazard under normal conditions of use.		
Hazardous decomposition products in case of	Carbon ovides (CO, CO2) Toxis fumos, 1.2 butadiana, Hudzaarbana		

: 1,3-Butadiene, homopolymer

Hazardous decomposition products in case of : Carbon oxides (CO, CO2). Toxic fumes. 1,3-butadiene. Hydrocarbons.

5.3. Advice for firefighters

fire

	5.5. /	Auvice for menginers		
Firefighting instructions			Fight fire from safe distance and protected location. Avoid direct personal contact with liquid even after fire is out to prevent potentially serious burns. Use water spray or fog for cooling exposed containers. Apply aqueous extinguishing media carefully to prevent frothing/steam explosion. Heat may build pressure, rupturing closed containers, spreading fire and increasing risk of burns and injuries. Prevent fire-fighting water from entering environment.	
	Protection	during firefighting		Do not attempt to take action without suitable protective equipment. Complete protective clothing. Self-contained breathing apparatus.
	Other infor	mation	:	Fires are typically very smoky.

Section 6: Accidental release measures

6.1. Personal precautions, p	Personal precautions, protective equipment and emergency procedures				
Emergency procedures for non-em personnel	ergency : Ensure adequate ventilation. Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".				
Emergency procedures for emerge responders	ncy : No additional requirement.				
6.2. Methods and material for	6.2. Methods and material for containment and cleaning up				
For containment	 Take up liquid spill into absorbent material, e.g.: sand, earth, vermiculite. Keep recovered product for subsequent disposal. 				
Methods for cleaning up	: Wash away residue with large amounts of water. Gather the product and place it in a spare container that has been suitably labeled.				

6.3. Reference to other sections

See section 8. Exposure controls/personal protection.

Safety Data Sheet

Section 7: Handling and storage					
7.1. Precautions for safe handling					
Precautions for safe handling	: Ensure good ventilation of the work station. Wear personal protective equipment. Avoid contact with elevated temperature or molten product to prevent burns. Steam drum heaters are recommended. If heating is necessary for drummed product, loosen or remove bung or lid before warming/heating product to avoid overpressurization in the drum. Eliminate all ignition sources if safe to do so. Use only non-sparking tools.				
Hygiene measures	: Do not eat, drink or smoke when using this product. Always wash hands after handling the product.				
7.2. Conditions for safe storage, includir	ng any incompatibilities				
Technical measures	: Electrical equipment should conform to the National Electric Code. Containers which are opened should be properly resealed and kept upright to prevent leakage.				
Storage conditions	: Keep container tightly closed. Store in a dry, cool area. Keep away from sources of ignition.				
Incompatible materials	: Strong oxidizing agents. Strong reducing agents. Strong acids. Peroxides.				
Storage temperature	: 10 – 32 °C				

Section 8: Exposure controls/personal protection

8.1. Occupational Exposure Limits

The following constituents are the only constituents of the product which have a PEL, TLV, or other recommended exposure limit. At this time, the other constituents have no known exposure limits.

No additional information available

8.2. Exposure controls			
Appropriate engineering controls	: Provide readily accessible eye wash stations and safety showers. Ensure good ventilation of the work station.		
Hand protection	Impermeable protective gloves. Do not use natural rubber gloves. Product used with solvents : wear thick (> 0.5 mm) nitrile gloves. Replace gloves immediately when torn or any change in appearance (dimension, color, flexibility, etc.) is noticed.		
Eye protection	: Safety glasses.		
Skin and body protection	: Wear suitable protective clothing.		
Respiratory protection	: In case of insufficient ventilation, wear suitable respiratory equipment.		

Section 9: Physical and chemical properties

9.1. Information on basic physical and	chemical properties			
Physical state	: Liquid			
Appearance	: Viscous.			
Color	: amber. Colorless.			
Odor	: Hydrocarbon. Mild			
Odor threshold	: No data available			
рН	: Not applicable			
Relative evaporation rate (butyl acetate=1)	: No data available			
Melting point	: No data available			
Freezing point	: No data available			
Initial boiling point and boiling range	: No data available			
Flash point	: > 400 °C Clevelan	d open cup (COC)		
Auto-ignition temperature	: No data available			
Decomposition temperature	: No data available			
Flammability (solid, gas)	: No data available			
Vapor pressure	: No data available			
Relative vapor density at 20 °C	: No data available			
Relative density	: 0.89			
Solubility	: Water: practically	nsoluble		
Partition coefficient n-octanol/water (Log Kow)	: No data available			
Viscosity, kinematic	: No data available			
Viscosity, dynamic	: ~ 40000 mPa.s (2	5 °C)		
Explosion limits	: No data available			
SDS ID: RICON_150 Language:	EN (English US)	US SDS Version: 1.5	Issue date: 05/13/2022	Page 3/6

Safety Data Sheet

9.2. Other information Explosive properties	: Not expected to be a explosion hazard under normal conditions of use.				
Section 10: Stability and reactivity					
10.1.ReactivityNo dangerous reactions known under normal control	nditions of use.				
10.2.Chemical stabilityStable under use and storage conditions as reco	mmended in section 7.				
10.3.Possibility of hazardous reactionsNo dangerous reactions known under normal control	nditions of use.				
10.4. Conditions to avoid Heat. Direct sunlight. No flames, no sparks. Elim	inate all sources of ignition.				
10.5.Incompatible materialsStrong oxidizing agents.Strong reducing agents	. Strong acids. Peroxides.				
10.6. Hazardous decomposition products Under normal conditions of storage and use, haz	ardous decomposition products should not be produced.				
Section 11: Toxicological informatio	n				
11.1. Information on toxicological effects					
Likely routes of exposure	: Ingestion. Skin and eye contact.				
Acute toxicity (oral)	: Not classified				
Acute toxicity (dermal)	: Not classified				
Acute toxicity (inhalation)	: Not classified				
Skin corrosion/irritation	 Not classified Practically non-irritating (rabbit) (Results obtained on a similar product) 				
Serious eye damage/irritation	 Not classified Practically non-irritating (rabbit) (Results obtained on a similar product) 				
Respiratory or skin sensitization	: Not classified Does not cause cutaneous sensitization for guinea-pigs (Results obtained on a similar product)				
Germ cell mutagenicity	: Not classified				
Carcinogenicity	: Not classified				
Reproductive toxicity	: Not classified				
STOT-single exposure	: Not classified				
STOT-repeated exposure	: Not classified				
Aspiration hazard					
Section 12: Ecological information 12.1. Toxicity No additional information available 12.2. Persistence and degradability					
No additional information available

Safety Data Sheet

12.3. **Bioaccumulative potential**

No additional information available

Mobility in soil 12.4.

No additional information available

12.5. Other adverse effects

No additional information available

Section 13: Disposal considerations

13.1. Waste treatment methods

Waste treatment methods

Product/Packaging disposal recommendations

: Transfer to a safe disposal area in accordance with federal, state, and local regulations.

Dispose of contents and container in accordance with all local, regional, national and international regulations.

Section 14: Transport information

US Transport (DOT) for Bulk Shipments (Non-Bulk Shipments May Differ) Not regulated by US DOT

Transport by sea (IMDG)

Not regulated by IMDG

Air transport (IATA)

Not regulated by IATA

Section 15: Regulatory information

15.1. US Federal regulations

EPA TSCA Status

All components of this product are listed or exempt from listing on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) Active inventory. This product has no special requirements under TSCA, such as significant new use rules (SNUR), consent orders, test rules, or sections 4, 5, 6, 8(a), 8(d), 12(b) requirements.

SARA Section 313 Supplier Notification

This product contains no toxic chemicals in excess of the applicable de minimis concentration that are subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

SARA Section 311/312 Hazard Classes Not applicable

Export Control Classification Number (ECCN): EAR99 (No License Required)

15.2. International regulations

CANADA

No additional information available

National inventories

Ricon® 150 (9003-17-2) Listed on the United States TSCA (Toxic Substances Control Act) inventory - Status: Active Listed on or exempt from listing on the Canadian DSL (Domestic Substances List) Listed on or exempt from listing on the AICS (Australian Inventory of Chemical Substances) Listed on or exempt from listing on the Philippines Inventory of Chemicals and Chemical Substances (PICCS) Listed on or exempt from listing on the Japanese ENCS (Existing & New Chemical Substances) inventory Listed on or exempt from listing on the Korean ECL (Existing Chemicals List) Listed on or exempt from listing on the China Inventory of Existing Chemical Substances (IECSC) Listed on or exempt from listing on NZIoC (New Zealand Inventory of Chemicals) Listed on the Japanese ISHL (Industrial Safety and Health Law) Listed on INSQ (Mexican National Inventory of Chemical Substances) Listed on or exempt from listing on the TCSI (Taiwan Chemical Substance Inventory)

Listed on the NCI (Vietnam - National Chemical Inventory)

Ricon[®] 150

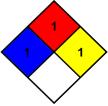

Safety Data Sheet

15.3. US State regulations

This product may contain California Proposition 65 substances at concentration levels below those required to be classified as hazardous by OSHA's Hazard Communication Standard (29 CFR 1910.1200). Contact TotalEnergies Petrochemicals & Refining USA, Inc. if you need specific information regarding status of this product with regard to California Proposition 65.

Section 16: Other information		
Other information	:	Unless agreed to in a separate written agreement with the Customer, TotalEnergies Petrochemicals & Refining USA, Inc. makes no representations and disclaims all warranties, express or implied, with respect to biocompatibility and/or the suitability of this product for medical device applications including : (i) implantable devices intended for human or animal body, (ii) devices intended to be used in contact with internal body fluids, and (iii) devices intended to be used in contact with internal body tissues. If the Customer intends to use this product for any such application, it must first contact TotalEnergies Petrochemicals & Refining USA, Inc. and establish agreed terms and conditions for such use.
